

# The Little Green Train's Turn-Taking Book.

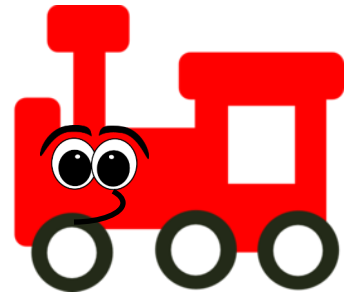

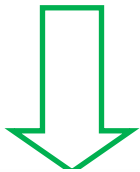

Jennifer Anzin 2021

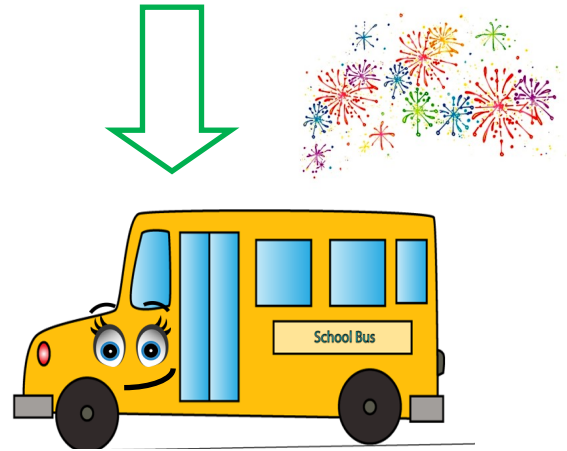

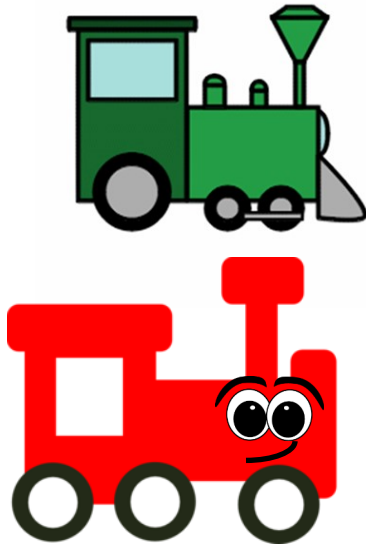

The Little Green Train loves playing with friends. They like doing puzzles, playing ball, using a shape sorter and driving cars down the car ramp. They take turns...

First The Little Red Train might have a turn. The Little Yellow School Bus and The Little Green Train can watch or use a fidget toy, while waiting for their turns.

Then, The Little Green Train has a turn.

The Little Yellow School Bus has a turn with the car ramp, while her friends watch.  
Everyone has fun taking turns!
