

Social Spot It Game

The adult gives the child(ren) each a turn spotting one of the pictures: Fist bump, Hurray Song, High Five, Group Row Your Boat. Once a child points to the picture s/he is to identify (provide help if needed) everyone (including the adult) performs the action shown in the picture. For example, if a child spots fist bump when s/he is asked, everyone gives a gently fist bump to those on both sides of him/her. The game can be played with a group or with an adult and child who take turns.

High Five: When a child (or adult) spots the **High Five picture** everyone turns to those on both sides of him/her and gives him/her a **high five**. The adult can explain the activity (and model it) when someone is asked to identify the high five picture.

Group Row Your Boat: When a child (or adult) spots the **Group Row Your Boat Picture** everyone either holds hands or links arm. The adult explains that they are a big boat and together they sing the **song** and move side to side. (If one adult and child are playing Spot it, they can row their boat the standard way.)

Fist Bump: When a child (or adult) spots the **Fist Bump**, everyone turns to the people on both sides of him/her and gives him/her a gentle **fist bump**. The adult can explain the activity (and model it) when someone identifies the picture.

Hurray Song: When a child (adult) spots the **Hurray Song**, the child (adult) is given a pom pom to shake (if one is available. The song can be sung without it if necessary and everyone claps). The adult leads the group in the **Hurray Song**. After the first child (adult) has her/his turn shaking the pom pom during the song, s/he will pass it to the child(adult) beside her/him and so it continues until everyone has a turn. The lyrics to the song are: **“Hurray for (child’s name), Hurray for (same child’s name), someone in the crowd is singing hurray for (same child’s name), 1,2,3,4 who are we for, (same child’s name), that’s who!”** (Child named in the song is shaking the pom pom)
